WORK EXPERIENCE

CrudOps Pvt Ltd   **April 2023 - April 2024**

- Developed and maintained web applications using Laravel and React.js, focusing on scalability and user experience enhancements
- Collaborated closely with cross-functional teams to design and implement responsive front-end interfaces using HTML, CSS, and JavaScript frameworks like Bootstrap and Tailwind CSS.
- Implemented RESTful APIs and integrated with various databases such as MySQL and PostgreSQL, ensuring seamless data management and efficient query performance.

Internship- Nosce Techno Solutions   **June 2022 - Dec 2022**

- Gained hands-on experience in PHP development, working on various web applications and enhancing my skills in server-side scripting, form handling, and database interactions.

PROJECTS

Affiliated Marketing Website: Developed and deployed an affiliate website aimed at facilitating price comparisons across gaming platforms, enhancing user accessibility to product information. Expertly utilized the Laravel framework to architect and develop the website.

Virual Call Application: Collaborated with backend developer to create a virtual calling application. Designed and implemented the frontend using CodeIgniter and JavaScript, focusing on user interface design, client-side validation, and integration with backend APIs. Developed the backend using Python Flask, implementing functionalities for user authentication, data storage, and real-time communication

Ecommerce Application: Developed a Laravel-based eCommerce platform, utilizing React.js for dynamic frontend interactions and responsive user interfaces. Implemented custom product catalog features and search functionalities, enhancing user accessibility to a wide range of products.

EDUCATION

B.S.c Computer Science- MG University 2020-2023
